

Isaac Hollow Horn Bear

Software Engineer

SUMMARY

I enjoy the challenge of adapting to the ever-changing field of technology and finding unique and simple solutions. Proven track record of creating and implementing successful front and back-end web applications. Looking to bring my tech skills to a company.

WORK EXPERIENCE

Software Engineer at 100devs

October 2020 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied agile methodologies like SCRUM for project management

Recent Projects:

Hip Coffee Co (Fullstack Web App) – Cashier can take coffee orders from customers with their names. Baristas can log in to the app, see orders made, and mark them as complete. Orders that have been completed will note which barista completed the order.

Happy Notes (Fullstack Web App) – Users can log in to their profile and find their list of notes. They can add new notes through an input, which they can then edit or delete all notes in their profile.

Native Stories (Fullstack Web App) – Users can create profiles and upload their tribe's stories in a certain area using geotags. They can also edit or delete the stories they upload.

Other Projects: Small Lakes Casino Virtual Slot Machine, Los Angeles StarGazers Society APOD Web App with NASA API integration, On-demand background color changer for Partnered Twitch streamer, and many more.

Full Stack Web Developer at Hollow Horn Bear | Sacramento, CA

January 2019 — Present

Created full stack web applications and static websites for different clients across small and medium size businesses. Also, consulted on SEO and social media strategy. Some clients included:

Native Dads Network – A non-profit organization geared to helping Native families.

Sysco | Pleasant Grove, CA

March 2019 — October 2020

Labeled products using Sysco Order Selection (SOS) label technology, palletizing products to build customer orders, and delivering the product to the dock safely and efficiently.
